Subject: San Jacinto call with Scott Jones.

Donn & Gary make corrections as needed. Thanks.

Highlights from discussion with Scott Jones Galveston Bay Foundation.

Scott is willing to participate in the open house but would really like us to consider a presentation to help counter the expected bad information. We did not agree to take on that role, yet.

If possible, Scott would like us to share the FS timing (and plan?)

Scott understands that Texas Health folks (Tina and Josh) felt very discouraged after the last meeting.

Is it possible to have a call with CAC or open house participants the week before the meeting to discuss logistics and expectations?

Donn is working along with the logistics plan to plan for both CAC mtgs and the CIP update.
